Residential LIGHTING FIXTURES Commercial

WIRING MATERIAL » CABLES « APPLIANCES

Public Service Electrical Supply Company, Inc.

30 South Gay Street Phones: Plaza 4743-4744 Baltimore, Md.

How to Order

First—Always order by catalog number. Second—Furnish specific description

Third—State clearly how the goods ordered are to be shipped—whether freight, express, parcel post or otherwise, if there is any preference for a certain route, it should be mentioned.

ALL FIXTURES, BRACKETS, LANTERNS, ETC., ILLUSTRATED IN THIS CATALOG ARE PRICED WIRED COMPLETE LESS BULBS.

Colored Glass Tubes—Where glass tubes are shown on fixtures, brackets, etc., the white frosted glass predominates, but can substitute at no additional cost the following colors: GREEN, AMBER, BLACK, WINE, BLUE OR RED.

ADDITIONAL LENGTH CAN BE SUPPLIED AT A SLIGHT INCREASE TO COST
CANOPY SWITCH WILL BE FURNISHED AT $1.25 EACH LIST
IF MOGUL SOCKET IS REQUIRED ADD $1.00 EACH LIST

Finish—Pewter Finish has been adopted as appropriate for modernistic fixtures. Special finishes can be applied at a small additional charge.

SPECIAL ETCHING ON GLASS PANEL CAN BE OBTAINED

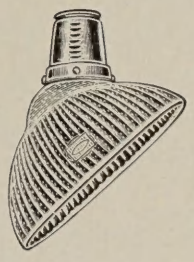
Window Lighting

For Closed Back Windows

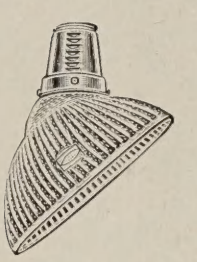
This group of Mirroflectors is specially designed for windows having a solid background extending from the floor to the ceiling. Scientific tests have been made to determine the exact angle and focus, with a given candlepower, for maximum illumination.



No. 931

Especially designed and focused to secure maximum illumination with a 200-watt lamp

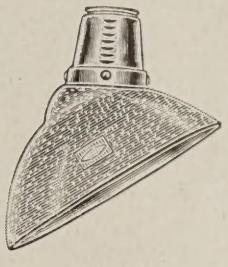
Price - - - $5.60



No. 932

Especially designed and focused to secure maximum illumination with a 150-watt lamp

Price - - - $4.70



No. 933

Especially designed and focused to secure maximum illumination with a 100-watt lamp

Price - - - $4.00

For Open Back Windows

This group of Mirroflectors is especially designed for windows having the back entirely open or partly open. Also for windows having the back entirely closed, but having glass panels in the background. This type should also be used for windows having plate glass on both sides.

No. 921

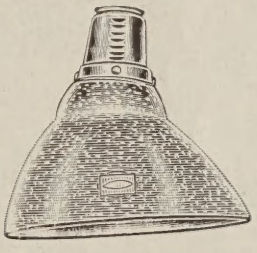
Especially designed and focused to secure maximum illumination with a 200-watt lamp

Price - - - $6.15

No. 920

Especially designed and focused to secure maximum illumination with a 150-watt lamp

Price - - - $4.70



No. 923

Especially designed and focused to secure maximum illumination with a 100-watt lamp

Price - - - $4.00

The Mirroflector is a mirrored glass unit reflector having a permanent reflecting surface contoured scientifically correct to accurately control light and to get the maximum amount of illumination. Each Mirroflector is equipped with a special designed adapter which assures that the lamp is in correct focus.
